<tr>
<td>Short side/Short side</td>
<td>1.8 m (71 in)</td>
</tr>
</tbody>
</table>

**Note:** Forks must be spaced a minimum of 500 mm apart

**Note:** Specifications subject to change without notice

REC performs a quality check on all pallets before and during loading. Vehicles will only be loaded with REC panels if they are deemed safe and serviceable. During transportation, the pallets are stably loaded in protected containers with air bags between pallets to secure them in position. The freight company and driver are responsible for ensuring suitable load safety for each delivery vehicle. Vehicles without suitable load safety measures will not be loaded. REC makes every effort to ensure environmentally-friendly packaging materials are used.
